Security Clearances on EIC Members and EIC Subcommittee Members

1. Please indicate highest classification of material which can be discussed with each individual on attached list. The list is broken down to show permanent members of the EIC, non-permanent members of the EIC, and members of each EIC subcommittee and working group.
2. Telephone requests have already been made and Top Secret clearance confirmed by your office for the members of the Subcommittee on Petroleum and Lt. Stock and Mr. Welk of the Working Group on the Economy of Western Europe. Lt. Stock is also a member of the Subcommittee on Transportation. Clearance was likewise obtained by telephone for a meeting of the permanent members of the EIC but type of clearance was not indicated. These are all included on the attached list for purposes of verifying clearances received by telephone.
3. We would like approval for discussion of material classified up to and including Top Secret wherever possible. If more information is required on any individual or committee, we will be pleased to furnish whatever we can.
4. Extra copies of the list are included for your records and to enable you to forward lists of approved clearances from time to time rather than having to wait until the entire list has been approved.
